Ties = Singles from the back

December 15th and it rained all morning!!! At least we don't have to shovel it. By the time the rain stopped the shooters were anxious to get out and bust some targets. When the smoke cleared, the top spot had to be determined by the dreaded, to some people, coin flip. Now Big Dan takes this game seriously and he knew, after missing the last target out for a 24 on the singles, it had to be a long run from the front in Singles or either end of the Cap's. Everybody was watching as the honorable Jimmy Bowen flipped the coin and the even more honorable Dr. Lindquist making the call in mid air. You could hear a pin drop in the clubhouse...up the coin went and Doc made the call. It was Singles!!! Up for the second flip....the call was made....and Dennis took the win. I would like to report that Dan took the results well.....but I can't do that. All I can say is the Crown cap went flying across the room.

Thanks to everyone who waited for the rain to move out.

Next Saturday December 22nd we'll be handing out nice bone-in hams for 25 straights. Hope to see you there.
