

## Minneapolis Gun Club Jackpot Results April 26, 2014

One day down....one to go....then we can all start attending those "practice" shoots for next year's Jackpot season.

Not a bad day today, compared with what we've put up with the last few months, but there was enough wind and cool temps to make it interesting. For some. For ONE, all he did was hold onto the gun a little tighter, concentrate, and make a smooth move to the target.....and break a 49!!! And then, just to show the rest of us it wasn't a fluke, he went and did it again. With the money on the line, Dennis Kecker was on fire today. Some came close, within a bird or two, but Dennis was at the top of his game today. Nice shooting Dennis. Today's winners.....

1st Class....Dennis Kecker 49....Dennis again 49

2nd Class....Jimmy Bowen 46....Dennis" Yeah, trapshooting pays" Kecker 46

Ties = Handicap from the front then Handicap from the back

Day two will start at 10:00 Sunday morning. Hopefully it won't be too wet so we can get some rounds in. Again on Sunday, there will be the daily cash payout and then the scores will be tallied up, the coin flip will take place and the \$1000.00 added money will be handed out. Being the last day of Jackpot, I know I'll put up with a little moisture to get a few rounds in and hit the Lewis payouts. Hope to see you there.
