

Minneapolis Gun Club Jackpot Shoot Results February 8, 2014

Another good shoot in the books. The weather cooperated, just a few snowflakes and then some cloud filtered sunshine with light winds. The competition was fierce, as usual, and for a while it looked like Dennis Kecker was going to have top score right to the end. Then came along Leo Switala. For the first half of the jackpot season Leo was there every week posting scores but not hitting the Lewis Class scores because of the long run tie breakers.....until a couple weeks ago. He's learned to keep his composure and put the strings together. Nice shooting Leo....and Dennis. Thanks to everyone who shot today....and Happy Valentine's Day.
