

Minneapolis Gun Club Jackpot Results March 1, 2014

Just when you think it can't get any worse.....just wait 5 minutes in Minnesota.....and it will.

This had to have been the worst shooting conditions so far this Jackpot season!! Even the snowstorm a few weeks ago wasn't this bad, as you can see by the scores. Zero degrees with a 15 MPH north west winds and some higher gusts thrown in. Lots of mumbling, shaking of heads, and the all-important gun adjustments. Couldn't be the shooter, had to be the gun. :-)

1st Class....Dennis Kecker 40.....Yeah it was that bad.

2nd Class....Bob Wiltse 33

No ties.....no flip....nothing went right today.

Thanks to everyone who shot today.....it's supposed to be warmer next weekend.

Jimmy Bowen
