## January 20, 2018

YES!!!!!!!!!! Finally, a nice day at the MGC traps. 40 degrees....ABOVE zero ... and a light breeze. That put a whole different perspective on breaking targets. It was good to see people out of "hibernation" and breaking good scores. And, of all good things today, Leo Switala, who had a heart attack at MGC a while ago, steps to the line for the first time since then, and has high score of the day!!! NICE SHOOTING LEO. Congrats to John Podergois for high score in the 16 yd. Event.
