

Minneapolis Gun Club Jackpot January 25, 2020

A wonderful day at the MGC traps....Above freezing temps on January 25 !!! We'll take every day of this as long as we can. If this keeps up we'll be right there with Tampa and Tucson. :>)

Weather was good and the turnout was good too. Thanks to everyone who shot today.

Third squad out and Ray Monson posted a 48....with some controversy along with it. Turned out that there was a trap spring malfunction on the Handicap field and that squad shot both Singles and Handicap on the same field. But, the show had to go on. Trap got fixed and on it went.

Not to be outdone, Scott Steffen came in a few squads later with another 48. Nice shooting guys.
