

## **Minneapolis Gun Club Jackpot**

### **May 23, 2020**

With today's weather forecast, rain, rain and more rain, we didn't get much play...but play we did. We had to wait for the rain to subside and the radar showed about a 2 hour window to get some shootin done. The winds were pretty light compared with what we've had to deal with the last couple weeks but the cloud cover was low and thick. A big shout out to Curt Peterson for driving all the way from Blue Earth to compete.

Terry Peterson had a good day today. He shot well and hit the number. Nice going Terry.

Thanks to everyone who came out today to have a little fun. Hopefully next Saturday will be better.
