The 2026 Grand American was one of the coolest and wettest Grands in memory. Temps didn't get above high 70's a couple days and we had rain at times so you could hardly see the trap house. And the wind…yes there was wind. North wind at times had the targets skyscraper high. Resetting the targets didn't make much difference. One day with a rain/lightning delay we shot 400 targets the next day, singles, handicap and 200 doubles. Fun day.

There were 62 Minnesota shooters in attendance. Hopefully more in 2027. Congratulations to all the Trophy Winners. Nice shooting.
