

Minnesota Trapshooting Association

State Team 2024 Requirements

General Requirements

- Only ATA registered targets and Minnesota club attendance from September 1, 2023 through August 31, 2024 will be used in consideration of the Minnesota 2024 State Teams.
- Shooters must register **700 singles**, **700 handicap** and **400 doubles in state** (Sub-Junior categories are not required to shoot doubles).
- Shooters must complete the HAA (High All-Around) at either their resident Minnesota Zone Shoot or the Minnesota State Shoot (Sub-Junior categories are not required to shoot the doubles component of the HAA).
- For State Team purposes, a shooter's category will be determined based on their declared category in the MN Zone Shoot or MN State Shoot, whichever the shooter attends first.
- Shooters must compete at a minimum of 4 different clubs* in Minnesota (**NOTE: Junior and Sub-Junior categories are exempt from this requirement**).

*Your resident Minnesota Zone Shoot and the Minnesota State Shoot, regardless of location, EACH count toward your 4 required clubs. If you attend an additional ATA registered target event at that location it will also count toward your club requirements. The ATA Central Zone Shoot does not QUALIFY as separate club if you have already shot at that location.

Example: Jane attends her resident MN Zone Shoot in Alexandria and attends the MN State Shoot, also held in Alexandria. Earlier that spring she attended an ATA registered shoot put on by the club at the Alexandria Shooting Park. Jane now has fulfilled 3 of the 4 Minnesota club requirements for consideration of the 2024 State Team; she will have to attend an ATA registered shoot at another location to complete her 4 different club requirement.

Target Requirements

- In addition to the general requirements, please note the specific target requirements necessary for your category:

MEN TEAM	
(16 total)	
16's	1500
Handicap	1200
